

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION IX
75 Hawthorne Street
San Francisco, CA 94105

August 3, 2004

Dear Librarian,

Thank you for placing the enclosed material at your reference desk to be reviewed or copied in the library, but not taken out of the library. The material includes:

- a U.S. Environmental Protection Agency draft Underground Injection Control Permit for Pineview Subdivision, and
- a Fact Sheet

From August 6, 2004 to September 5, 2004 we are holding a public comment period on the draft permit and application and we greatly appreciate your help in making this information available to the public. There is the possibility that the comment period may be extended past September 5, 2004. If this occurs, I will contact you before that date so you will know to retain the material. Once the public comment period is over, the material may be destroyed or given away.

I would like to thank you again for your help on this. If you have any questions or concerns, please call me at (415) 972-3531.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric Byous", is written over a horizontal line.

PUBLIC NOTICE OF INTENT TO ISSUE AN UNDERGROUND INJECTION CONTROL (UIC) CLASS V PERMIT FOR PINEVIEW SUBDIVISION

PURPOSE OF PUBLIC NOTICE

The purpose of the public notice is to solicit public comments on the proposal by the United States Environmental Protection Agency (EPA) to issue a UIC permit to inject fluids underground through two (2) Class V injection wells. The permit is for PTP, Incorporated (injection well operator) and Leon Mark Kizer (landowner).

PTP, Incorporated
PO Box 188
Minden, NV 89423

Leon Mark Kizer
c/o Bureau of Indian Affairs

311 E. Washington Street
Carson City, NV 89701

The Draft Permit only allows the injection of treated sanitary waste produced at the homes within Pineview Subdivision, which is located on 149 N. Highway 395, Gardnerville, NV 89410.

The proposed wells will inject treated sanitary waste four (4) to five (5) feet underground through a subsurface wastewater infiltration system (commonly known as a drainfield.) Based on the review of the proposed well construction modifications, operation and maintenance standards, monitoring requirements, and the existing geologic setting, it is believed that such a proposed injection operation is protective of Underground Sources of Drinking Water as required under the Safe Drinking Water Act.

EPA has made a preliminary determination to approve this permit application. This action is being taken as provided by Part C of the Safe Drinking Water Act and pursuant to Title 40 of the Code of Federal Regulations (CFR) Parts 124, 144, 146, and 147.

PUBLIC COMMENTS

All non-proprietary data submitted by the applicant, as well as the Draft Permit are contained in the Administrative Record for this proposed injection well. This information is available for public inspection at the location listed below:

U.S. Environmental Protection Agency, Region IX

A copy of the Draft Permit and Fact Sheet are also available at the following locations:

Minden Public Library
1625 Library Lane
Minden, NV 89423
Phone: 775-782-9841

Carson City Public Library
900 North Roop Street
Carson City, NV 89701
Phone: 775-887-2244

The Draft Permit and Fact Sheet are also available online <http://www.epa.gov/region9/water/underground/pineview.html>. Comments are encouraged and will be accepted in writing (email is acceptable), at the San Francisco office for a period of 30 days after publication of this notice. A community workshop can be requested to provide an opportunity for the public to ask questions on the proposed permit. In addition, a public hearing can be requested to provide written and/or verbal comments concerning the proposed permit. A request for a community workshop and/or public hearing must be made in writing (email is acceptable) to Eric Byous within a period of 30 days of this notice. The request should state the nature of the issues proposed to be raised. **A COMMUNITY WORKSHOP AND/OR PUBLIC HEARING WILL BE HELD ONLY IF SIGNIFICANT INTEREST IS SHOWN OR IF THERE IS A NEED TO CLARIFY ISSUES.**

FINAL PERMIT DECISION AND APPEALS PROCESS

After the close of the public comment period, EPA will issue a response to comments, a final permit decision, and will notify all commenters regarding this decision. The final decision shall be to either Issue or Deny the permit. The final decision shall become effective thirty (30) days after the close of the public comment period, unless no commenters request a substantial change in the Draft Permit and no substantial changes are made from the Draft Permit to the Final Permit, in which case the permit shall become effective immediately upon issuance. Within thirty (30) days after the final permit decision has been issued, any person who filed comments on the Draft Permit, participated in the Public Hearing, or takes issue with any changes in the Draft Permit, may petition the Director to review the
